**Silence and Self-Disclosure:  
A Call to Spiritual and Psychological Healing**

Presented by:

**Sister Carole Riley, C.D.P., Ph.D., LPC, AAPC-Fellow**

**Saturday, November 10, 2018**

**8:15 a.m. to 3:30 p.m.**

In our multimedia society, silence becomes a rarity. This program provides emotional space to experience silence as both absence of noise and fullness of sound. Comparisons with music, principles of appropriate self-disclosure and psychological intimacy engage participants in the distinctively human 'spiritual' experience of making decisions based on integration principles.

*Goals*

At the conclusion of this program, participants will be able:

1. To define, discuss and evaluate the role of silence in contemporary society.
2. To provide emotional space as presented in the field of music therapy.
3. To identify psychological healing practices that foster self-disclosure and emotional intimacy.
4. To understand concepts from theorists Estes, Weems, Van Kaam and Siegel.
