Access information will be provided upon registration

The last book published by Henri Nouwen before his untimely death in 1996, *Can You Drink the Cup?* explores the deep spiritual impact of the question Jesus asked his friends

James and John. Reflecting upon the metaphor of the cup, Nouwen uses the images of holding, lifting, and drinking to articulate the basics of the spiritual life.

Participants are encouraged to attend all 5 sessions. In preparation for each session, participants will be asked to read contemplatively a chapter. Reading contemplatively is a process of reading an inspirational text and then reflecting quietly on what moves the heart, stirs the spirit, or captures the attention of the reader. This process will be explained in the first session.
